II. BUSINESS OVERVIEW

Enigma Technical Solutions Sdn Bhd (Enigma) is a Supply and Services company offering Supply Chain Operations as well as technical expertise through solutions tailored to the industrial and commercial needs of its clients.

With the assistance of a global wide network of strategic partners and a sister company in Europe, Enigma is able to provide cost effective, flexible and time efficient services achieving both optimisation and performance enhancement for their client base.

Enigma' s goal is to position itself as a reliable, cost-effective and a committed partner in managing some of the routine, time-consuming and “beyond the domain” activities which the client wishes to outsource. As main contractors, Enigma provides complete out sourcing solutions to both government and commercial projects.

- ☐ Our Market Segments are **Marine, Utilities, Universities, Oil & Gas, Aviation & Defence.**
- ☐ Our company is position to provide a **“ONE-STOP SHOP” / Integrated Services Solution** to our customers.
- ☐ We provide **on-time, reliable** and **cost-efficient solutions.**
- ☐ We can provide services in **Spanish, German, Italian, English, Bahasa Malaysia, Tamil Korean, French, Japanese and Arab.**
- ☐ As main contractors, we are responsible for **complete outsourcing solutions** to both **government** and **commercial projects**

III. BUSINESS SERVICES

Enigma focuses on four business streams as follows:

SOURCING SERVICES

- We have a separate division to cater to the **procurement needs** of small and medium sized businesses as well as large- scale projects undertaken by major clients/consultants.
- We have **partnered with leading supply houses all over the world** to source hard to find and urgent items **quickly and reliably**.

Our staff members are conversant in **German, Spanish, Italian, English, Malay, Tamil, French, Japanese, Arabic and Korean** and we are therefore able to assist clients by contacting directly Original Equipment Manufacturers (OEM) from various countries to help resolve urgent cases or aid by providing problem resolutions in real time.

SUPPLY CHAIN SOLUTIONS

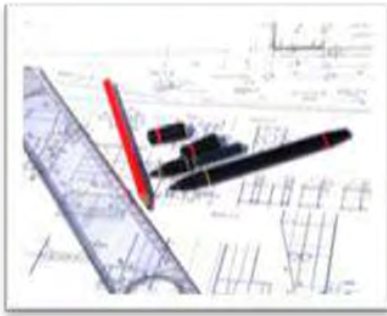

Whether **Business to Business** or **Business to Consumer Supply Chain Solutions**, Enigma is able to assess existing and new operations and propose a **tailored Supply Chain Strategy and project manage the implementation of the chosen systems and resources** including the integration to existing Enterprise Resource Planning Systems.

Our sister company Enigma Global Sourcing & Consulting is registered in Ireland and strategically positioned to support the Malaysian operations with supply logistics services.

TECHNICAL SERVICES

- Our employees and associates support projects on the customer's site, seamlessly working as members of the team.
- We have staffed all phases of a program life cycle- proposal development, design, procurement, installation, testing, and field services.

Enigma is able to provide specialist training solutions for various Equipment and Systems from OEM Training, HVAC maintenance, Welding Qualifications (WQT) to Ship Crew introduction and refresher courses.

CONSULTING SERVICES

We are able to assist our clients with management consulting services and as a service outsourced partner by positioning ourselves as a reliable, cost-effective and a committed partner in advising and managing some of the routine, time-consuming and “beyond the domain” activities which our client wishes to outsource.

IV. BUSINESS RESOURCES

We offer extensive technical, operational and sourcing experience across an array of industries.

Our expertise fields are in Technical, Project Management, Contract Management, Planning and Test & Trial of Multi-Million Dollar Projects in the area of Defence as well as Industrial Areas.

We have extensive experience dealing with the **Royal Malaysian Navy, Malaysian Maritime Enforcement Agency, Ministry of Finance, Ministry of Defense**, European and Malaysian Shipyards as well as hundreds of **equipment manufacturers (OEMs) worldwide**.

V. PRODUCTS & AFTER SALES SERVICES

Enigma represents a wide range of reputable manufacturers worldwide as their authorized or exclusive agent with products suitable for Defense, Oil & Gas, Marine and Commercial industries. We are also the 'one stop centre' to our customers in providing services from Pre-Sales to Follow on Support (FOS) activities in Malaysia. Our current product range covers:

PRODUCTS & SERVICES FROM OUR PRINCIPALS ABROAD:

VICUS DT (Propellers and Naval Architecture Services)

- VICUS DT is an engineering design and analysis service company, that allows customers easy access to highly skilled engineering resources with shipbuilding, shipping offshore and energy industries.

Aviationskybiz (Aviation Products & Services)

- Specialising in the design, fabrication, supply and consulting of helipad fixed and floating, lighting, HAPI, aviation and deck spareparts and safety items, ground support systems & power units, refueling and starting systems etc.

Rochem (Sea Water Management Systems)

- Rochem is an internationally renowned OEM that offers high quality comprehensive water management, sea water desalination plants and waste management systems.

Amco Veba (Marine Cranes)

- Amco Veba is a reputable Marine Crane Italian manufacturer with a proven track record in delivering affordable high quality cranes worldwide.

Citor (Desalination Systems)

- Citor is an Australian manufacturer of Reverse Osmosis, Water Purification and Desalinator Equipment.

NG-Litef (Integrated Navigation System including Gyros)

- World-class leader in INS including gyro systems for army, air force and navies around the world, including onboard submarines.

OMEYLABS (Wave Tank Solutions)

- Omeylabs supplies teaching flumes, wave tanks and wave basins worldwide to ocean laboratories for teaching, research & technology development, film, TV and artist projects.

ATOS (Naval Asset Management System AMPS)

- Mission-critical asset management system that four of the world's navies rely on for everything from tracking vessels, aircraft and munitions to scheduling maintenance and managing personnel.

RWO VEOLIA (Water and Wastewater Systems)

- Technologies for all types of water treatment, whether on board ships or offshore installations, for new builds as well as retrofitting.

PRODUCTS & SERVICES FROM OUR PRINCIPALS ABROAD:

IDROBOTICA (Sonar System (MCMV) and Mine Disposal Vehicle (MDV)).

- World leader in the design and manufacture of ROV Systems. Based in Switzerland.

OPTONAVAL (Helicopter Control and Landing System)

- German based Helicopter control and landing system, deck lightings, etc

KOMODO ARMAMENT (Armament and Ammunition)

- PT Komodo Armament Indonesia is the first and only private company in the defense industry in Indonesia that manufactures law enforcement and military weapons and ammunition industries.

TÜBİTAK (Defense Industries Research and Development Institute)

- The Scientific and Technological Research Institution of Turkey (Turkish: Türkiye Bilimsel ve Teknolojik Araştırma Kurumu, TÜBİTAK) is a national agency of Turkey whose stated goal is to develop "science, technology and innovation" (STI) policies, support and conduct research and development, and to "play a leading role in the creation of a science and technology culture" in the country.

GRUPO EMANASA (Engineering, Maintenance and Distribution)

- The Grupo Emenasa is made up of 12 companies that offer efficient and innovative solutions. Located in the Vigo estuary in Spain, it is one of the largest business groups in the naval industry in the southern Europe, acting also in the industrial and energy sectors.

FOURE LAGADEC (Boiler and Piping manufacturing & maintenance)

- Foure Lagadec specializes and masters in all the know-how in mechanics, piping, boiler manufacturing. Based in France.

EURO CONTROL (Naval, Underwater, Avionic and Land Based)

- The company has the expertise and the infrastructure to design, develop and manufacture systems and subsystems for various Electromechanical, Electronic, Optoelectronic and Mechatronic applications.

THEON SENSORS (Advanced Optronics)

- THEON SENSORS is today one of the Market Leaders in Night Vision and Thermal Imaging systems for military and security applications. The main product lines are: Night Vision Monoculars and Binoculars, Family of Night Vision Sights, Clip-on Night Sights, Night Driver's Viewers, Digital day and night Cameras and upgrade kits for armoured vehicles, Thermal Stand-alone and Clip-on uncooled Sights, Vehicle and Platform based thermal imaging systems, Optical and Mechanical customized design, ILS and Maintenance Services.

PRODUCTS & SERVICES THROUGH PARTNERSHIP WITH OEM'S LOCAL REPRESENTATION:

Other local partnerships include:

SKIPPER

OUR KOREAN PRINCIPALS:

- **Bumhan Industries** (HP/ LP Compressors & Compressed Air Systems)
- **A RIM Machinery & Engineering** (Deck Machinery & Steering Gears)
- **Changwon Environment** (Sewage Treatment Plant& Water Treatment Systems)
- **Jung-A Marine Equipment** (Ship and Deck Outfitting)
- **Samgong** (Fuel and Lube Oil Purifiers)
- **Samjin** (Pumps and Motors & Submersible Pumps)
- **Dong Hee Engineering** (Pump Gates, Autoscreens, Flap gates, Trash Rakes)

VI. OUR DIVISIONS

Our Divisions	
International Sales & Marketing	<ul style="list-style-type: none">Sales & Marketing division addressing all international needs of our group of companies and dealing closely with our principals and partners in Italy, Spain, UK, France, Germany and Korea.
Fabrication and Engineering Services	<ul style="list-style-type: none">Sister Company with main activities in Automation and Fabrication work scope. Equipped with complete machineries such as Bending machine, CNC Lathe machine, Machining & Milling Station, Inspection tools, handling equipment, Testing instrument. Allows us to support fabrication, maintenance and repairing works of any metal, steel and aluminium fabrication scope of works.Maintenance, Repair and Overhaul (MRO) and In Service Support (ISS) activities for various auxiliary systems including Reverse Osmosis Systems, FO./LO Purifiers, Sewage Treatment Plants, Air Compressors, HVAC, cranes, etc. Also various Electrical & Electronics systems Switchboards, Communications Systems, Navigation Systems, ICCP/MGPS, EM Log, Echo Sounder, Gyro, etc.Technical Documentation, Asset Management System and Training.
Supply Chain Operations	<ul style="list-style-type: none">"One Stop" Supply Chain Solutions Division specialising in Marine, Oil & Gas and Defence industries.Procurement Solutions for hard to find and urgent items.Tailored Sourcing arrangements and collaborations.Integrated Logistics Support (ILS) packages.
Management Consulting	<ul style="list-style-type: none">Sister Company providing client targeted solutions covering financial and project management needs and concerns from business proposals, investment appraisals, financial management, project management, contract administration, contracts & proposals' and supply chain strategies.As a value added feature we provide all business services in the following language: English, Spanish, German, Italian, Bahasa Malaysia, Japanese, Arabic, Hindi, Tamil and Korean.
IT Solutions	<ul style="list-style-type: none">Providing IT management, IT consultancy, architect solution integration, customized applications, maintenance services and other related services.Implementation and Maintenance of various Asset Management Software and Solutions.We also provide services to architect and implement reliable, robust and secure large scale data warehouse and computing environments.Other services cover Custom web-based applications, Messaging and Collaboration, Management Information Systems, Networking Infrastructures, Enterprise Storage Solutions.

VII. FABRICATION FACILITIES

- ☐ We offer **Fabrication and Engineering Services.**
- ☐ Our facilities are equipped with complete machineries such as **Bending machine, CNC Lathe machine , Machining & Milling Station , Inspection tools , handling equipments , Testing instrument.**
- ☐ We are able to support
 - **fabrication,**
 - **maintenance and**
 - **repairing works**of any size **metal, steel and aluminium** fabrication scope of works.
- ☐ Further activities include **repairing and rewinding** of multiple type of **electrical motor, generator set, tower crane hoisting,** and related electrical engineering works as **support** to **group downstream customer activities.**

ENIGMA'S PAST PROJECTS

- **GRADE ONE MARINE SHIPYARD SDN BHD (GOMS)**
KD GAGAH SAMUDERA, KD TEGUH SAMUDERA, KD LAKSAMANA MUHAMMAD AMIN AND KM MARLIN

Engineering & Asset Management:

Set to work, test and commission, conduct Sea Acceptance Trials for Equipment on board of Bumhan Air Compressor, Changwon Sewage Treatment Plant, ARIM Steering Gear, TMS Boat Davit, KS International RO System, Amco Veba Crane, Samgong Fuel and Lube Oil Purifier.

Integrated Logistics Support:

Revise and Review Ship Information Book (SIB).

incl. ATOS SERVICES MALAYSIA AMPS SOFTWARE SUPPORT

☐ **PRESTON SHIPYARD**
KM BISTARI, KD SRI JOHOR, KD SRI PERLIS & KD SERANG

Deliver, testing and commissioning Amco Veba crane and KS International RO System.
Air Quality and boats work.

☐ **TOK BALI DOCKYARD AND ENGINEERING (TBDE)**
KM JUJUR & KM AMANAH

Deliver, testing and commissioning Amco Veba Crane

❑ **DESTINI SHIPYARD AND ENIGNEERING SDN BHD (DESTINI)**

Integrated Logistics Support (ILS):

Enigma provides ILS services to Destini in support of the Malaysian Maritime Enforcement Agency (MMEA) 6 New Generation Patrol Craft (NGPC) project.

COMPUTER SUPPORT SYSTEM (CSS) SUPPORT SOFTWARE AND ILS TRAINING.

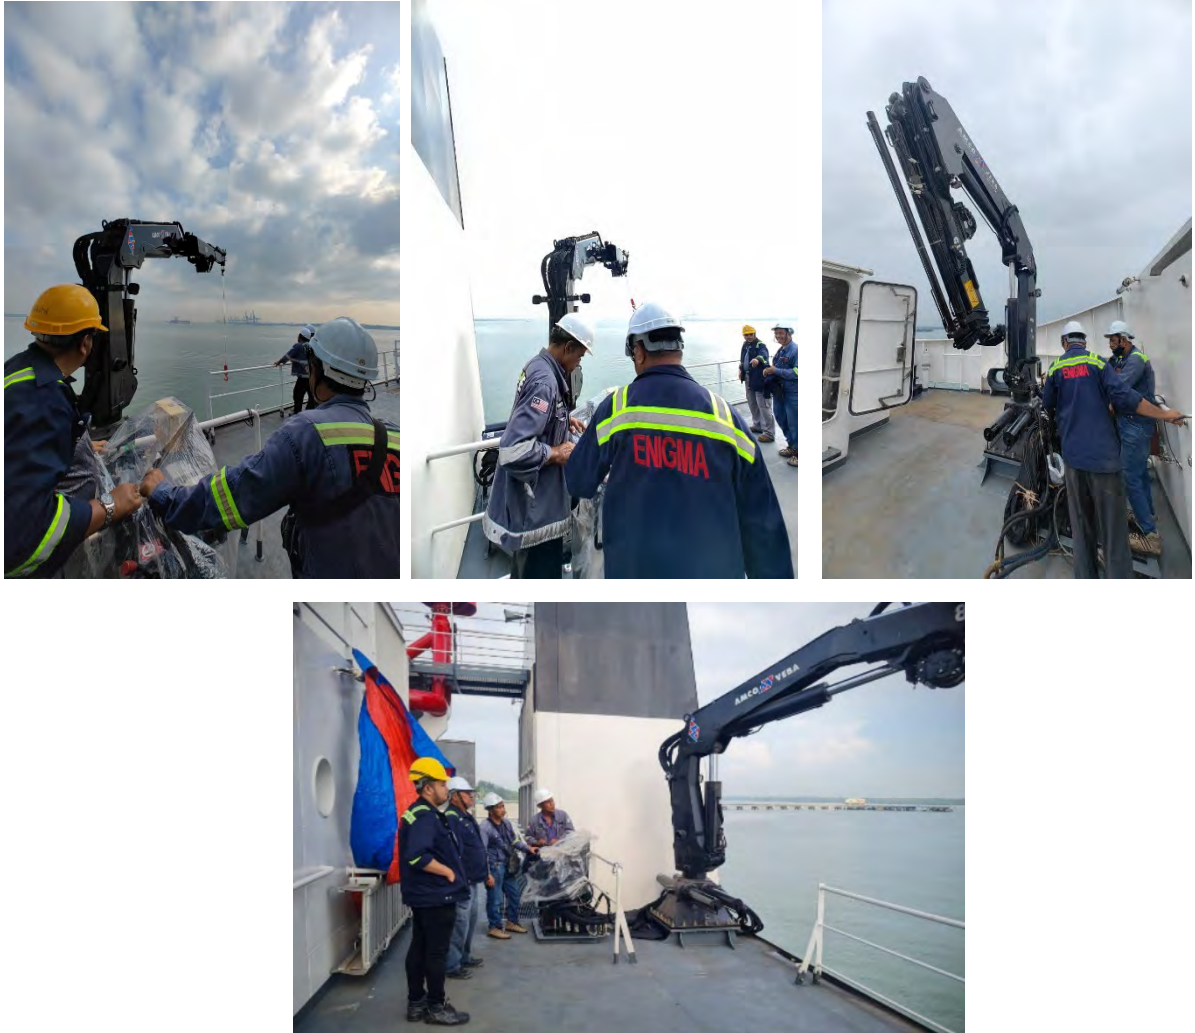

Equipment Supply:

Enigma supplies the Marine Hydraulic cranes AMCO VEBA for the 6 units of NGPCs.

□ **THHE- DESTINI MMEA OFFSHORE PATROL VESSEL PROJECT (OPV)**

Enigma supplies 9 units of Marine Hydraulic cranes AMCO VEBA and provides Integrated Logistics Support (ILS) for MMEA OPV project.

OTHER PAST PROJECTS

- * UPNM: Installation, Testing & Commissioning Flume Wave Maker;
- * UiTM: Dye Sublimation Transfer System supply, installation & training;
- * UiTM: 3D Printer & Ceramic Printer supply, installation & training;
- * UiTM: Projectors delivery & Installation
- * Agensi Nuklear: Ultrasonic Time-Of-Flight Diffraction Module;
- * Institut Sukan Negara (ISN): Eyetracker Supply & Training;
- * Universiti Malaya (UM): Compact ND-YAG Q Switch Laser 1064 NM & 532 NM;
- * UTeM: Hydraulic Hot Press Machine supply, installation & training;
- * Jabatan Kimia Malaysia: Colour Spectrometer Supply & training.
- * TNB: Supply of ASE 2000 dongles & drones
- * Malakoff: Supply of Anode ICCP System

CORE BUSINESS & PARTNERS - Weapons, Electrical & Electronics

WE PROVIDE ONGOING SUPPORT, MAINTENANCE AND REPAIR SERVICES FOR EQUIPMENT AS FOLLOWS: -

- | | |
|--|--------------------------------------|
| ■ Integrated Navigational System | ■ Steering Gear Control System |
| ■ Integrated Bridge System | ■ Weapon System Alignment |
| ■ Power & Lighting Distribution System | ■ Ship Monitoring and Sensor System |
| ■ Cathodic Protection System | ■ Close Circuit TV & Security System |
| ■ Meteorological System | ■ Integrated Communication System |
| ■ Combat Management System | ■ Underwater Systems |
| ■ Fire Control System | ■ Acoustics Systems |

PARTNERS

Enigma Technical Solutions has successfully assisted the following International Original Equipment Manufacturers (OEMs) in the Maritime and Defense sectors of Malaysia.

- EURO CONTROL - Belgium
- OPTONAVAL – Germany
- ICS Technologies – Italy
- idRoboTica – Switzerland
- LITEF – Germany
- ROCHEM – Germany
- THEON – Greece
- Amco Veba – Italy
