- ☐ As main contractors, we are responsible for **complete outsourcing solutions** to both **government and commercial projects**

III- BUSINESS SERVICES

Enigma focuses on four business streams as follows:

SOURCING SERVICES

- We have a separate division to cater to the **procurement needs** of small and medium sized businesses as well as large-scale projects undertaken by major clients/consultants.
- We have **partnered with leading supply houses all over the world** to source hard to find and urgent items **quickly and reliably**.

Our staff members are conversant in **German, Spanish, Italian, English, Malay, Tamil, French, Japanese, Arabic and Korean** and we are therefore able to assist clients by contacting directly Original Equipment Manufacturers (OEM) from various countries to help resolve urgent cases or aid by providing problem resolutions in real time.

SUPPLY CHAIN SOLUTIONS

Whether **Business to Business** or **Business to Consumer Supply Chain Solutions**, Enigma is able to assess existing and new operations and propose a **tailored Supply Chain Strategy and project manage the implementation of the chosen systems and resources** including the integration to existing Enterprise Resource Planning Systems.

Our sister company Enigma Global Sourcing & Consulting is registered in Ireland and strategically positioned to support the Malaysian operations with supply logistics services.

TECHNICAL SERVICES

- Our employees and associates support projects on the customer's site, **seamlessly working as members of the team.**
- We have **staffed all phases of a program life cycle**- proposal development, design, procurement, installation, testing, and field services.

Enigma is able to provide specialist training solutions for Equipment and Systems from OEM Training, HVAC maintenance, Welding Qualifications (WQT) to Ship crew refresher courses.

CONSULTING SERVICES

We are able to assist our clients with management consulting services and as a service outsourced partner by positioning ourselves as a **reliable, cost-effective and a committed partner** in advising and managing some of the routine, time-consuming and “beyond the domain” activities which our client wishes to outsource.

IV- BUSINESS RESOURCES

We offer extensive technical, operational and sourcing experience across an array of industries.

Our expertise fields are in Technical, Project Management, Contract Management, Planning and Test & Trial of Million Dollar Projects in the area of Defence as well as Industrial Areas.
